Summary: When Hopper walks in on something 14 year olds Mike Wheeler and Eleven Hopper flee to hide from an angry hopper.

1. Hopper trouble

"I love you so much Mike." El said sweetly, "I love you too, so much." Said Mike as El snuggled closer to him. She kissed him lightly, and Mike returned it a bit more harsh. El was ok with it though.

They had been making out on the couch in El's living room when hopper opened the front door, expecting El to be watching tv by HERSELF, but no. She was with mike. Kissing.

"What the HELL." Hop yelled. El jumped away from mike faster than lightning, her face going red. Mike on the other hand, was scared shitless.

"Your dead wheeler." He said coming at mike quickly. Hopper grabbed him by the shirt collar and pushed him against the wall.

This was the first time he had ever caught them kissing, so he was FURIOUS.

"S-s-sir I-I'm sorry I- " shut it wheeler." Hop said as he dragged Mike out the door. Before he could get him completely out of the cabin, El screamed "NO!" And held hopper in place with her mind. "No" she said, calmer this time, but she was still furious. She walked over to them, and helped mike up. "Let's go." Said El. "What?!" Said mike, confused as to why she would want to leave home at 9:00 in the dark. "Your not going anywhere." Hopper said furiously.

"Oh ya? What are you going to do about it?" Said El.

Mike was taken aback, he had never heard El talk like that. The expression on Hoppers face said the same.

Hopper was speechless as El took mikes hand and pulled him out of the cabin and to their bikes.

"Where are we going?" Said mike making sure they were out of hoppers earshot.

"I don't know" Said El. "Not your house, that will be the first place he looks."

"Do you have money?" Mike Said.

"Uhh ya why?"

"Motel it is." Mike Said confidently. Although he was terrified. It must have shown, because El looked at him and said "it's ok love, we will be ok."

And with that they took off for the motel.

**I hope you enjoyed this, I will be working on a chapter 2 soon.

2. Motel

Mikes POV

"Mike." I heard El say beside me, "I'm tired." "I know El, me too, but we are almost there. Can you make it 20 more minutes?" "Yes." She said tiredly.

20 minutes later

General POV

20 minutes felt like days for El, but she pushed through knowing that if Hopper found them she would not be allowed to see mike anymore. Mike felt really bad for not letting them stop to rest, but he knew the consequences of Hopper finding them. When they got to the motel, they got a room, and quickly made their way to it. El was leaning on mike the whole way, almost dozing off while walking. When they got to the room, Mike unlocked it and let El in first. She immediately made her way to the bed and flopped down onto it.

Mike got into the bed beside her, pulling her closer. He whispered in her ear "Good night El, I love you more than anything." "I love you too Mike." El said tiredly, turning her head and giving him a small smile. She then shifted her position so her head was on his chest. Mike played with her hair, and kissed the top of her head. They both fell asleep, not knowing that in the morning they would have a big surprise waiting for them.

Will the surprise be good... or bad?

Thank you for making it this far! I am so so SO sorry this took so long, and I'm also sorry about how short it is. Anyways, I hope you enjoyed!
